I have several Maxon SM-4150's I need programmed. I see on your site the cost for programming, and I see that if they need aligned it is an extra charge. I know some radios do not need aligned, will these radios? or are they "wide" band and not need anything additional? I need to know how much money to send with the radios?

Dave -

The 4150's will cover about 15 mhz without needing much tuning.  
 If they are all identical programs, the cost is \$20.00 for the 1st one and then \$5.00 for each additional unit plus return shipping.

All will be bench checked before being returned.

Andy

Dear Brinkley,

Today I shipped out 3 VHF SM-4150 Mobile radios to you for programming. I need 2 of the radios programmed identical, and the 3rd programmed a little different. I have included with the package an envelope with \$60.00 Cash in it, as well as 2 lists of frequencies needed. If you have any questions, feel free to contact me at any time on this, if the cost goes over the enclosed funds, contact me I will put the remainder on my credit card, and also I will most likely have to pay the return shipping with my credit card as well. ~~I am ready to get the radios 2 of them need to be installed ASAP in 2 unmarked cars we are planning on using in the next week or so.~~ If there is any problems you can contact me anytime of the day or night.

Thank you in advance.

Dear Brinkley Electronics,

2/27/2000

Enclosed is \$60.00 for the programming of 3 Radios. I need two radios programmed from the 14 Channel list enclosed, and the other programmed from the 9-channel list enclosed. If they need to be aligned, then do so. If the cost is to go over the enclosed funds, contact me and I will pay the remainder on my credit card. You can contact me at any time from the numbers listed. My work Schedule is 2 PM till 10 PM, Tuesday through Saturday and I can be paged at any time. I am in a hurry to get the radios, as I need to get them installed in our cruisers ASAP.

Thank you in advance for your assistance.

Sincerely,

Mr. Greg Popham  
New Philadelphia Safety Director  
166 E. High Avenue  
New Philadelphia, Ohio 44663

RE: Captain David Cimperman

Dear Safety Director Popham,

You have asked that I review the investigative reports prepared by BCI & I to determine whether certain conduct alleged to have been committed by Captain David Cimperman, New Philadelphia Police Department, is illegal in nature.

The first situation concerns the receipt by Captain Cimperman of \$300.00 from a woman who was on probation for a matter pending in the New Philadelphia Municipal Court. My

understanding of this situation is that the individual in question, who resides in Alliance, Ohio, gave Captain Cimperman \$300.00 to be applied to her probation fees/fines. Captain Cimperman deposited the funds into a personal bank account. The court's probation department then filed a motion to revoke the individual's probation based upon her failure to pay fees/fines. The individual then advised her probation officer that she had given money to Captain Cimperman to be paid to the municipal court. Upon being confronted by the probation officer, Captain Cimperman stated that he had received the funds from the individual and deposited them into his personal bank account. The money was then withdrawn and paid to the court. Captain Cimperman's explanation being that he simply forgot to pay the court after depositing the funds.

While several aspects of this scenario are inappropriate for a law enforcement officer, the issue

23

D-3-

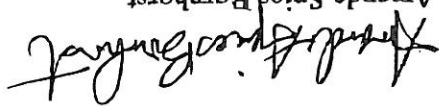

arises whether Captain Cimperman deposited the funds into his account with the purpose to deprive the individual of her property in violation of section 2913.02, Revised Code.

A second matter involves Captain Cimperman's reprogramming of police radios to activate a telephone feature not authorized for use by the New Philadelphia Police Department. My understanding is that Captain Cimperman without permission from, or the knowledge of, any superior officer or city official reprogrammed two (2) police radios to activate a telephone and paging feature not authorized for use. The result of this action is the loss of 911 telephone access lines when either feature is being utilized.

Revised Code section 2913.04 addresses the unauthorized use of property, computer property, or telecommunications property. Based upon the facts as I understand them to be the likelihood that this section has been violated is substantial. However, the ultimate determination of whether to pursue a criminal charge rests with the City of New Philadelphia. Depending upon the course of action the city desires to pursue, the matter may be presented to the Tuscarawas County Grand Jury for consideration.

Should you have any questions, or should you desire to further discuss this matter, please advise. Thank you.

Very truly yours,

  
Amanda Spies Bornhorst  
Prosecuting Attorney

124 - 12<sup>th</sup> Street NE

New Philadelphia, Ohio 44663

re: removal from the New Philadelphia Police Department

On August 4<sup>th</sup>, 2000, you were placed on paid administrative leave and notified that an investigation was being conducted concerning your actions with the check given to you for Lola Arrendondo, which you deposited in your bank account. This money was given in trust to you by her father to pay her fines and court cost. You were notified on August 4<sup>th</sup>, 2000, that the investigation included the Internet sales of radio equipment and your tampering with city property, i.e., the City's communication system.

On August 28<sup>th</sup>, 2000, the Chief gave your attorney a statement of the charges against you. A pre-disciplinary hearing was set for August 31<sup>st</sup>, 2000. At the pre-disciplinary hearing you were represented by Richard W. Hing, attorney, and FOP representative Charles Wilson. You were provided an opportunity to respond to the statement of the charges. Through your union representative, Mr. Wilson, you declined to provide any defense or explanation to the charges against you.

Therefore, I am making my decision solely on the information and records provided to you and your representative which resulted from the investigation.

I find that you have violated the City of New Philadelphia's rules and regulations as they pertain to dishonesty or untruthfulness, use and care of property and equipment, and observation of criminal and civil laws.

You are notified that your employment as a police officer with the City of New Philadelphia is terminated immediately. You are directed to immediately return all city equipment in your possession including your badge and handgun. This equipment should be returned to Chief Stagers or his designee.

Sincerely,

Greg Popham

Safety Director

City of New Philadelphia

Richard W. Himg, Attorney  
217 N. Broadway, suite 2  
New Philadelphia, Ohio 44663

Re: Predeprivation hearing and charges against Captain David Cimperman

Dear Attorney Himg:

Pursuant to the phone conference between Attorney Tscholl and yourself today, the following represents a

Statement of the charges against Mr. Cimperman.  
Mr. Cimperman reprogrammed a police portable radio creating an untaped line through the City of New Philadelphia communication system. Police lines have always been taped to protect the police department from claims by citizens and defendants in cases. The creating of an un-taped line in the police department is a very serious charge and constitutes a violation of the police rules and regulations pertaining to taping and misuse of police equipment.

Mr. Cimperman also lied to me when I asked him if he had ever used his position as a police officer in any Internet transactions. Mr. Cimperman told me he did not. We have provided you with evidence that Mr. Cimperman did in fact use his position as an officer in the New Philadelphia Police Department for Internet transactions.

Mr. Cimperman was given a check by Lola Arrondondo to pay her probation fees and also fines and court costs in case CRB-000355. She made the check payable to Mr. Cimperman. Her mother apparently has a relationship with Mr. Cimperman, which caused Lola Arrondondo make the check payable to Mr. Cimperman for purposes of paying these fines and court costs. Mr. Cimperman deposited the check into his own account. Approximately thirty days later as a result of Lola Arrondondo's failure to pay her probation And fees and court costs her probation officer Kyle Courtright filed a motion to revoke her probation. It was only after Mr. Cimperman was confronted by Wendy Jones a court bailiff, that Mr. Cimperman paid the fines and court costs for which he had been given a check by Lola Arrondondo.

Mr. Cimperman's conduct in both cases constitutes dishonesty and untruthfulness. In addition Mr. Cimperman's conduct involving the programming of the police radio is a possible criminal violation under ORC 2913.04

Mayor Broadzinski  
Safety Director Popham

Chief Thomas R. Siggers

Very Truly Yours  

If you have any questions regarding this information, please contact Attorney Robert J. Tscholl at 330-456-7702.

Included in this correspondence, is a packet of information regarding the improper programming of the city police radios and also information pertaining to Mr. Cimperman improperly depositing the check for Lola Arrendondo into his own account, including the motion to revoke probation and a statement from Wendy Jones.

A predeprivation hearing has been scheduled for 2:00pm Thursday August 31, 2000. At this hearing, Mr. Cimperman will be given an opportunity to respond to these charges.

RE: *State of Ohio v. David Cimperman*  
Case No. 2001 CR 10 0247

Dear Attorney Hanculak:

With reference to your request for additional discovery I have reviewed the 11/14/01 "Response to Demand for Discovery" authored by Jocelyn Stefancin. Enclosed are copies of Item 5 relating to the documents and tangible objects.

As to Item 6 there are no reports of examinations and tests.

As to Item 8 there is no evidence in the opinion of this office which is favorable to the defendant.

With reference to paragraph 10 there are no agreements, promises etc. between any State's witness and law enforcement authorities.

With reference to paragraph 9 these matters are covered by Crim. R. 16(B)(1)(g), as noted in paragraph 9 of the "Response to Demand for Discovery." Obviously statements exists, which will be subject to *in-camera* review at trial after the testimony of the witness.

Also the address of Tim Staley of Staley Technologies is 1035 Front Street S.W., New Philadelphia, Ohio 44663.

1/3/02 - Handed + mailed

Mr. Thomas Hanculak  
January 3, 2002  
Page-Two

Please consider this the State of Ohio's request for reciprocal discovery for the matters set forth in  
Crim. R. 16(C)(1).

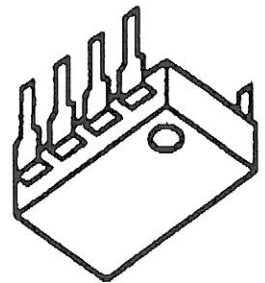

Sincerely,

**ROBERT R. STEPHENSON II**  
Assistant Prosecuting Attorney for  
Tuscarawas County, Ohio

I have several Maxon SM-4150's I need programmed. I see on your site the cost for programming, and I see that if they need aligned it is an extra charge. I know some radios do not need aligned, will these radios? or are they "wide" band and not need anything additional? I need to know how much money to send with the radios?

Dave -

The 4150's will cover about 15 mhz without needing much tuning.  
If they are all identical programs, the cost is \$20.00 for the 1st one and then  
\$5.00 for each additional unit plus return shipping.  
All will be bench checked before being returned.

Dear Brinkley,

Today I shipped out 3 VHF SM-4150 Mobile radios to you for programming. I need 2 of the radios programmed identical, and the 3rd programmed a little different. I have included with the package an envelope with \$60.00 Cash in it, as well as 2 lists of frequencies needed. If you have any questions, feel free to contact me at any time on this, if the cost goes over the enclosed funds, contact me I will put the remainder on my credit card, and also I will most likely have to pay the return shipping with my credit card as well. ~~I need a return to get the radios 2 of 1~~ ~~need to be mailed ASAP. In 2 unmarked cars we are planning on using in the next week or so. If there is any~~ problems you can contact me anytime of the day or night.

Thank you in advance.

Dear Brinkley Electronics,

2/27/2000

Enclosed is \$60.00 for the programming of 3 Radios. I need two radios programmed from the 14 Channel list enclosed, and the other programmed from the 9-channel list enclosed. If they need to be aligned, then do so, if the cost is to go over the enclosed funds, contact me and I will pay the remainder on my credit card. You can contact me at any time from the numbers listed. My work schedule is 2 PM till 10 PM, Tuesday through Saturday and I can be paged at any time. I am in a hurry to get the radios, as I need to get them installed in our cruisers ASAP.

Thank you in advance for your assistance.

Sincerely,

Today I shipped out 3 VHF SM-4150 Mobile radios to you for programming. I need 2 of the radios programmed identical, and the 3rd programmed a little different. I have included with the package an envelope with \$60.00 Cash in it, as well as 2 lists of frequencies needed. If you have any questions, feel free to contact me at any time on this, if the cost goes over the enclosed funds, contact me I will put the remainder on my credit card, and also I will most likely have to pay the return shipping with my credit card as well. I am in a hurry to get the radios, 2 of them need to be install ASAP in 2 un marked cars we are planning on using in the next week or so. If there is any problems you can contact me anytime of the day or night.

Thank you in advance.

Dave

I have several Maxon SM-4150's I need programmed. I see on your site the cost for programming, and I see that if they need aligned it is an extra charge. I know some radios do not need aligned, will these radios? or are they "wide" band and not need anything additional? I need to know how much money to send with the radios?

Dave -

The 4150's will cover about 15 mhz without needing much tuning.  
If they are all identical programs, the cost is \$20.00 for the 1st one and then \$5.00 for each additional unit plus return shipping.

All will be bench checked before being returned.

Andy

Dear Brinkley Electronics,

2/27/2000

Enclosed is \$60.00 for the programming of 3 Radios. I need two radios programmed from the 14 Channel list enclosed, and the other programmed from the 9-channel list enclosed. If they need to be aligned, then do so, If the cost is to go over the enclosed funds, contact me and I will pay the remainder on my credit card. You can contact me at any time from the numbers listed. My work Schedule is 2 PM till 10 PM, Tuesday through Saturday and I can be paged at any time. I am in a hurry to get the radios, as I need to get them installed in our cruisers ASAP.

Thank you in advance for your assistance.

Sincerely,

  
David F. Cimperman, Jr.
